# PREMIUM ANIMAL TRANSPORT

One-Stop Shop - Finance Available

Vantastec's animal transport vehicles have been designed and developed with you and your pets in mind. Our conversions are ideal for dog walkers, animal couriers, trainers or breeders alike.

The conversion will always be fitted exactly to your requirements, making it a perfect vehicle for both businesses and families. We will not only custom-make your cages, but add a variety of extras of your choosing to make the van more practical or functional.

We are the one-stop shop for the van, the cages and the full conversion, with multiple finance options available. This provides the ultimate convenience and most competitive pricing for all customers.

## CONVERSION SPECIFICATIONS

Our standard conversions are easy to clean, strong and sturdy and made with 1"x1" steel mesh cages with the following as optional:

- Removable cage floor trays
- In cage LED lighting
- Temperature controls
- Escape Hatches
- Roof Ventilation
- Windows
- Seating
- Lining kits, insulated with carpet or waterproof
